

# Film society rolls open to students

Cinema +, a new film society, for MSC students, will move to our campus beginning Oct. 10, with the showing of films featuring Chaplin, Laurel & Hardy, and W. C. Fields.

To enjoy these films, students are encouraged to contact Mr. James Broderick, chairman of the MSC art department; Mr. David Bahnmann, assistant professor of mathematics; Dr. William Hinckley, assistant professor of education, and Dr. Dwight Maxwell, assistant professor of earth science, or write to Box 141, Maryville, for information and membership.

## Limited Roll

Prompt action is urged because membership will be limited to 100 people.

A six dollar fee entitles members to admission to all five Cinema+ programs, and a voice in future programming and funding of the society.

All programs will be shown at 7:30 p.m. Sundays in the IMB theater at the north end of the Wells Library.

Light and Heavy Films, the initial program on Oct. 10, shows a variety of types and styles of the film maker's art. The program includes the early American comic shorts entitled POW-WOW, a contemporary short by Allen Downs, and Jean Renoir's 1936 lyric tragi-comedy, *A Day in the Country*.

## Probe of Human Nature

On Nov. 14, Ingmar Bergman's *The Virgin Spring* will be presented. This feature-length film explores the nature of good, evil, revenge, and guilt and probes deeply into the nature of man.

The Dec. 5 show will be *An Evening of Experimental Shorts*.

This evening will bring a potpourri of thought-provoking, amusing, and satirical subjects including *Prelude-Dog Star Man*, *Cat's Cradle*, *O Dem Watermelons*, *Plastic Haircut*, and *An Adventure With a Naked Boy*.

The Art of the Documentary featuring *Louisiana Story* by Robert J. Flaherty will be presented on Jan. 23. This film records life in the Louisiana bayou country as experienced by a 12-year-old Cajun boy. Short films also on the program include *An American Time Capsule*; *The Unanswered Question*, and *The World of '68* by Charles Braverman, and *Art (3000 Years)*.

The final program, scheduled for Feb. 6, will feature *The Persecution and Assassination of Jean-Paul Marat as Performed by the Inmates of the Asylum of Charenton Under the Direction of the Marquis de Sade*.

## Busloads of fans to attend Game 1

Four buses will transport fans to the first Bearcat football game at the University of Nebraska at Omaha Sept. 18.

The cost for the bus will be \$2.00 per person, which will not include food or the ticket to the game. Interested persons should sign up in the Union Board office.

The buses will leave from the east door of the Administration Building at 9:30 a.m. Sept. 18. The game will begin at 1:30 p.m. and the group is scheduled to return by 9 p.m.

## Regents name James Broderick chairman of art department

The Board of Regents has named Mr. James Broderick, a member of the art department faculty since 1966, acting chairman of the art department to replace Mr. Robert Sunkel, who resigned that position.

Mr. Sunkel, who has been acting chairman of the department since 1963, requested the change in view of his increasing work load as curator of the Percival DeLuce Art Collection, which is developing into an even larger and more important collection than was at first anticipated. The collection was bequeathed to the college in 1970 by the late Miss Olive DeLuce, Mr. DeLuce's daughter and a long-time teacher of art and chairman of the MSC art department.

In addition to his teaching duties, Mr. Broderick will continue to serve as director of the Olive DeLuce Fine Arts Building art gallery. He received his bachelor of arts degree from St. Ambrose College. At the University of Iowa, he studied with Maricio Lasansky and Robert Knipshchild, completing work for an MA in printmaking. He has taught courses at MSC in printmaking, drawing, and photography.

In addition to numerous one-man shows and showing of his

works extensively in regional and national shows, Mr. Broderick has served as artist in residence through the Missouri State Council on the Arts at Lake Ozark, and in cooperation with the Kansas City Lyric Opera at the Point Lookout Festival of the Arts.

Under the leadership of Mr. Sunkel, the department of art has grown since 1963 from 48 majors to an anticipated fall total of 220 and this year from three faculty members to nine.

With the removal of his chairmanship administrative duties, Mr. Sunkel plans to devote

more time to the Percival DeLuce Collection, which contains valuable 19th and early 20th century furniture and other objects of art from the same periods. It contains paintings by Percival DeLuce and his contemporaries, and even some painted by Mr. DeLuce's great grandfather, Thomas Thompson.

Presently, the college is remodeling the art gallery in the Olive DeLuce fine arts building, and an exhibit of the collection will be publicly shown in early November.

## Industry, academia work to end communication gap

Dr. Sam Carpenter, chairman of the chemistry department, reports the problem industries see with academia is the lack of its ability to communicate by written or oral means with students.

Operation Interface, a forum for frank communication between academia and industry, discussed several ideas about the scientist's future, according to Dr. Carpenter, who attended the meeting in Kansas City last month.

"We are working on a program where B. S. chemistry majors at MSC will spend time in industry during the summer or during the regular school year and receive credit, a program similar to student teaching in education," related Dr. Carpenter.

The chemistry chairman also stated that the job outlook for scientists appears to be opening.

Environmental researchers on the Bachelor of Science level can also look forward to many opportunities for the future.

Dr. Carpenter commented that MSC has had no trouble placing students as teachers with a B. S. degree in chemistry or biology; however, Ph. D. degrees in these fields are a little more difficult to place.

## Questions of Survival

What privileges am I entitled to under the new Student Bill of Rights? None. The Bill of Rights as enacted by the Senate last year was rejected by the administration. A "compromise" was drawn up by the administration, but it in turn was rejected by the Senate.

The situation was summed up by one senator in a short comment: "We're stalemated."

I want to live off-campus. Any suggestions about how I can find a place?

First of all, you must be of sophomore status (with 27 hours credit) or at least 21 years of age. A list of off-campus housing is available in the Student Personnel Office.

These listings are in no way approved or recommended by the college. Housemothers merely register vacancies with the college each semester.

Also, try to contact each of the local realtors to see if they have any listings. Ask friends and faculty if they know of a place.

If all else fails, simply try a block-by-block search for available apartments, rooms, or houses. As late as it is, you would probably have better luck by placing your name and simply waiting until next semester or by looking in any of the neighboring towns.

Be prepared for occasional notes of prejudice, rent rates varying depending on whether you are single or have a family, and sometimes very strict rules.

I am a veteran who is returning to school. How do I apply for benefits under the GI bill?

First, you should write your regional Veterans Administration Office and obtain a copy of your DD214 (discharge) form if you do not have it. Then you should obtain an application for program of training from the registrar's office. Fill it out carefully and attach copies of your discharge, marriage certificate, and birth certificates of your children.

Mail these papers to the Regional Veterans Administration Office, 1520 Market Street, St. Louis, Mo. 63103. It is important that you fill out this form and mail it as soon as possible since processing may take a month or two.

After you receive your eligibility certificate, take it to the Registrar's Office. Hereafter you must sign the list of veterans who are attending Northwest Missouri State College under the GI bill. You do this every fall and summer session.

You also have the responsibility of personally notifying the Registrar's Office if you drop a course, add a course, or withdraw from school. At the same time you must notify the VA of any change of this type.

## PASSION POSSESSION

I'm in the position,  
That the possession of this obsession  
Is nearly driving me wild.

To reach satisfaction,  
I need the reaction  
Of a contracting party to help me along.

To appease this situation  
Will take much contemplation  
And some deliberation of the people involved.

But after conversing,  
And some helpful nursing,  
We'll drop the rehearsing and the show can go on.

## They remembered

## Relief proposal for taxpayers

During the economic crisis in the country today something is being done to release the ever increasing burden placed on taxpayers for education.

In 10 states this fall a total of 130,000 students will be involved in a program of year-round education. There are basically two types of programs in operation: (1) the 45-15 notation school in which only three-fourths of the pupils attend class at the same time while the other one-fourth are on vacation, and (2) the quarter system in which a student can satisfy the year's academic requirements by attending class during any three of the four quarters.

The most effective of the two plans is the 45-15 which allows schools to use their facilities and teachers year around. Many schools cannot build sufficient classroom space because of limited funds or too rapid growth in student body (as in California).

The 45-15 system relieves this situation since only three-fourths of the students are in school at any one time.

The plan also benefits parents and students. Mothers are not faced with the long hot summers when children become bored with too much vacation. The parents also benefit from the child having vacations at different periods of time throughout the year.

Probably the greatest benefit, however, is the saving in learning time. Students do not have to spend so much time in the fall relearning what they forgot over the three-month vacation, because they are never more than 15 days away from their education.

Why then with such a feasible plan already in operation, are so many local and national school boards dragging their feet and maintaining the old routine, yet complaining about the increased cost of education?

## Senators sworn in by President Barton

The oath of office was administered to 19 incoming Senators by Student Body President Stan Barton during the Senate meeting Wednesday, the first meeting of the fall semester.

President Barton welcomed the new Senators and announced that Miss Camille Walton is Senate sponsor and Dr. John Hopper and Dr. James Lott are faculty advisers for the group.

### Dorm problems

Residents of the new Dieterich and Millikan Halls reported that there are no telephones, television sets, laundry facilities, and late-leave key systems in those dorms. A Senate committee will confer with Dr. Donald Petry, vice president of business affairs, about these deficiencies.

Ed Widenour, newly-appointed director of the Student Information Center, asked how the center is financed and what purposes the Senate expects the center to achieve. Currently, the information center has no funds except those donated last spring.

A board comprised of Senators, with Kathy Jones as chairman, will determine Senate allocations to be made to the center and services to be performed by it.

### Campus policemen

Senator Cliff Wallace reported

that the campus police program has been revised. A new director of security has been named, more extensive campus police beats have been assigned, and student policemen have been hired. After Senator Greg McDade inquired about the duties and qualifications of the student policemen, an ad hoc committee was formed to discuss the matter with the security director.

Several Senators questioned the jurisdiction of highway patrolmen and city policemen seen patrolling on campus. It was reported that these persons do not carry weapons and their main job is to patrol parking lots to avoid theft.

### Freshman elections

Election of freshman class officers will be Sept. 23. Further details will be released by the elections board.

President Stan Barton urged students to participate in "sound-off" sessions at noon each Wednesday in the Den. Various campus issues are discussed at that time.

A committee was organized to confer with Dr. Dwain Small, vice president of academic affairs, about the possibility of scheduling one "free" day before midterm exams and two "free" days before finals.

## Onward, women soldiers!

It all started when Susan B. Anthony met Elizabeth Cady Stanton at a temperance meeting in 1851 — The women's march toward liberation began.

In the twentieth century, however, voting and temperance are not the main subjects of women's concern.

Instead of Mrs. or Miss, a number of American women want a form of address that will work for all females. This form is Ms (pronounced as Miz). If this fad spreads, checking a woman's left ring-finger could be the only way a man can tell whether she's married or single.

One group of liberated women called FOCUS filed Federal discrimination charges against the University of Minnesota last spring. Since FOCUS' success, discrimination charges have been filed against Harvard, Yale, Pennsylvania, Chicago, and Stanford Universities.

Besides filing discrimination charges, women of the academic areas have been urging boards of regents to develop new policies. Establishing maternity leaves, day-care centers, and tenure for women faculty members who are raising families are included among the women's wants.

Women's lib has also spread to the journalism world. Approximately a dozen newspapers, two quarterlies, two annual journals, and several newsletters are published by the women's lib press. Some feminists point out, however, that the "underground" publications express the liberation movement more thoroughly.

Even the sports' world has not escaped this subtle, or not so subtle, women's invasion. At Haverhill, Mass., 12-year-old Susan Poole played ball with a team called the Indians. Other managers in the all-boy league declared Susan an illegal player because she had not tried out in the spring with the guys on the team. Women's protests followed.

So on and on go the stories of women's asking for the right to compete and equal consideration on many campuses in the country. Who knows—maybe the next Bearcat superstar will be a coed!

## Work study people needed for tutors

Students who have been approved for work-study funds are needed to serve as tutors for their fellow students who are having difficulty in various classes.

This is an opportunity for work-study students with knowledge in a particular field to earn money and to help others succeed at MSC. Mrs. Donna Brant, admissions counselor, said.

For further information, contact Mrs. Brant or Mrs. Martha Cooper, assistant registrar, in the Administration Building by Sept. 17.

"It's good to get back to the Midwest where educators are up to date and trying new ideas and don't habitually fall back on the excuse that it's tradition or 'We've always done it that way.'"

This is the firm belief of Miss Margaret Briggs, new chairman of the home economics department, who further stated that the foregoing observation applies to educators generally, not just to those working in home economics. She is especially impressed by the excellent program for the preparation of home economics

## New department chairman enjoys Midwest

Mrs. Ann Rowlette, new instructor, and Miss Margaret Briggs, new chairman of the home economics department, discuss plans for Mrs. Rowlette's courses this year.

## Wanted . . Pictures

Any photographer who would like to see some of his campus activity pictures appear in the 1972 Tower should submit them to the Tower Office, Bill Session, head photographer, announced this week.

Submittals should be turned in as soon as possible after an event.

## Seniors must report

All seniors who plan to graduate in December, 1971, May, 1972, or August, 1972, should report to the placement office before Sept. 17, according to Mrs. Esther Sellers, assistant director of placement.

## Modern dance club meets

Orchesis, the modern dance club, welcomes old and new members at 6 p.m. Thursday nights in Martindale gym. Sponsors are Mrs. Ann Brekke and Miss Jean Ford.

The next meeting is scheduled for Sept. 16.

## English graduate student meeting

An English graduate student meeting is scheduled for 12:00 noon Wednesday in the Sycamore Room of the Union.

"We hope all English graduate students will attend our first fall meeting," President Trevis Brown said.

## Jewish students to form group

Jewish students interested in forming a Jewish Student Association are invited to attend an organizational meeting at 7:30 p.m. Monday in the Sycamore Room of the Union.

For further information, students may contact Norm Wolfisch, initiator of the religious group, at Dieterich Hall.

## ACE plans informal night

All elementary education majors are invited to join in a fun night Wednesday as the Association for Childhood Education takes a look at ACE at its annual get-acquainted party-scavenger hunt.

The action will begin at 6:30 in the Horace Mann kindergarten room. Donna Rowe is president and Miss Kathryn McKee, adviser of the MSC chapter.

## Geology club proposed

All earth science students who are interested in joining a geology club should attend a meeting at 7:30 p.m. Monday in Room 130 of the Garrett-Strong Building.

teachers at Northwest Missouri State and the high esteem with which her predecessor, Miss Mabel Cook, was held as a home economics educator by her colleagues in the field, not just on this campus.

"If we can maintain the strong program we have here and hold our own with the growth of the college, we would reach my goal for this year," Miss Briggs said. "I also hope we can continue the esprit de corps among the staff which was immediately evident when I first came to the campus."

What varieties of training programs are available here in the home economic department?

A woman can prepare to teach vocational home economics or major in an area of concentration and do depth study in that subject field, Miss Briggs explained. She may work in other home economics positions or in business, or may go directly to graduate school in her area of concentration. She may take electives in home economics, but outside electives are few, the new chairman added.

In keeping with the MSC department test-out program, the

home economics staff plans a test-out program in clothing construction under the direction of Miss Mary Ann DeVore for the spring semester.

A graduate of Nebraska State Teacher's College in Kearney, Miss Briggs received her master's degree in home economics education from Iowa State University at Ames. She did additional work at Merrill-Palmer Institute in Detroit and is presently completing her doctor's degree at Teacher's College, Columbia University.

Now teaching organization of the home economics program and supervising student teachers, Miss Briggs stated this is the first time she has served as a department chairman.

She taught eight years, serving in two Nebraska high schools, at the University of Nebraska, and at the University of Maryland.

Miss Briggs, formerly from Broken Bow, Neb., served as assistant state supervisor of home economics for the State Department of Public Instruction in Iowa for five years.

The American Home Economics Association chapter at

MSC will continue with Miss DeVore and Miss Briggs as sponsors, Miss Briggs said. A nominating committee is now acting to find a sponsor to replace Miss Cook as adviser to Kappa Omicron Phi, the honorary national home economics fraternity which was initiated on this campus.

Mrs. Ann Rowlett and Miss Vicki Schomaker have been added to the home economics department staff this year.

Mrs. Rowlette is teaching home furnishings, home management and equipment. An alumna of Northwest Missouri State College, she received her master's degree at the University of Cincinnati and has taught at a high school in Lawrence, Kan.

Miss Schomaker, a native of Nebraska, received her master's degree from the University of Nebraska. She is teaching advanced child development, family relations, and family health.

# Where the student stands

### EDITOR'S NOTE

The Northwest Missourian will run a two-part series concerning the 18-21 year old voter. The first set of articles appears on this page, with the second part scheduled to be included in the Sept. 17 issue.

Missouri Attorney General John Danforth issued a statement last Friday concerning where college students may vote.

He said that a college student may vote in local elections at home or in his college town, if different from his hometown, under certain conditions.

The first option is that a student may retain his original address and vote at home. The second option is that he may register and vote in his college town, provided that he declares in a written form that he has abandoned his original address and does not intend to return to his former home and establish residence.

With the opposite viewpoint, Iowa's Attorney General Richard Turner said to election officials on Aug. 5, that college students could vote in their college communities only if they were "born and raised there" or intend to stay there after graduation. After receiving pressure from many sides, Turner reversed this position.

Although both of these statements and the reversal came from attorney generals, none have stood the test of court battles which are expected to ensue.

City officials in Ames, Iowa City, and Cedar Falls, Iowa's three state university locations, had decided to ignore Attorney General Turner's first advice and let students register and vote there before the reversal came.

In Missouri, Secretary of State James C. Kirkpatrick has stated: "According to Missouri law, it is the primary responsibility of the county clerk to determine the residence of those

individuals desiring to register to vote. Each county clerk establishes his own guidelines for voter registration."

MSC students should find registering in Nodaway County relatively easy. The county clerk, Mr. John Zimmerman, said that he will register anyone meeting the residency requirements (one year state level, 60 days local) and that he will be guided by the Danforth statement.

Not so in other localities. In at least 14 states, court actions are being filed to challenge local registration laws that step on the rights of students.

At least two bills have been introduced in the U.S. Senate to allow dormitory registration for national, but not for local, elections. Many state legislatures or attorney

generals, including New York's, Texas', California's, and Iowa's, have specifically forbidden dormitory registrations. Already they have been met by local court challenges.

The U.S. Attorney General Mitchell has stated unofficially that he thinks allowing students to vote in the college community elections would be showing discrimination against such groups as the members of the armed forces who have to vote absentee ballots when they are serving away from home.

Common Cause, a citizen's lobby founded by former cabinet member John Gardner, is backing legal action on behalf of the University of Kentucky. Although Kentucky has had the 18 year-old-vote for 15 years, conflict has recently arisen, especially over rock concerts in Lexington.

## Voting absentee ballots

Certain procedures should be followed in voting an absentee ballot in Missouri.

The absentee voter must apply in person or by mail within 30 days before the election. If he applies in person, he must be no later than 4 p.m. the day before the election. By mail, his application must be received no later than four days prior to the election.

The application may be on a blank sheet of paper provided by the election authority (the county clerk or members of the board of election commissioners) or may be made in writing, signed by the applicant, and sent by first class mail. The letter should include the post office address, the street address, and the election district or precinct number of the applicant.

After receiving the application, the election authority sends the ballot and a printed affidavit to be filled in by the applicant.

Essentially the affidavit identifies the voter, swears that he is legally entitled to vote in his precinct, township, county, and

state, tells why he is voting absentee (absent from county on election day, physical disability, illness), swears that the ballot was marked in secret and that the voter will not vote elsewhere.

## Democratic, Republican, or Independent

Radical or liberal? Foolhardy or sensible? From Independent to Republican to Democratic, the youth vote seems to be swaying.

Traditionally, it was certain that we would vote as our parents did and would generally be more apathetic than any other age group.

Forget it!

At the Arizona State University in Tempe the League of Women Voters helped to register 15,000 of 24,000 students. The Pennsylvania State Education Association added 183,000 18-21 year old voters to the rolls — not indicating a very apathetic group.

The registered youth vote is largely Independent or Democratic, according to most surveys. In California's 14 largest counties, the registration has been 59 per cent Democratic to 20 per cent Republican. Even in conservative Orange County, Calif., half of the first 925 youth voters to register were marked Democratic.

However, looking northward at Republican-dominated Iowa it was noted recently in the Des Moines Register that whether the youth group votes independent or Democratic, the numbers still could easily sway the vote resulting from the already registered in several cities. For example, in Ames the 18-21 eligibles amount to 62 per cent of presently registered voters and is greater than the total of either party.

## A few statistics . . .

In Maryville, the college student voter block can be approximated in these ways to give an outlook on how and where he might vote.

VETERANS	314
IOWANS	1/4 or 1,382
MARRIED STUDENTS	1,106
JOB-HOLDERS	1/2 or 2,765
OFF-CAMPUS STUDENTS (includes commuters)	2,765
ON-CAMPUS STUDENTS	2,839

## We have just begun to fight

The long battle has ended, and we have apparently emerged victorious.

With the 18-21 year old vote, our youth segment will have the ability to put "our man" — whoever he might be — in the White House, the Governor's mansion, and even city hall. Yet we still don't have the right to put ourselves in beer parlors, in our own cars, and if we're male, into a marriage bed.

But on the brighter side, our current status as chicks under momma's wing gives us the special privilege of avoiding lawsuits. Do we want full fledged citizenship with all the entailing responsibilities?

With our power to vote, the decision may be up to us. The older population will probably split on the issues. Our influence will be able to push us into a full adult status or protect us from the circling hawks.

In Massachusetts, liquor for 18 year olds is meeting opposition. When many students reach their 18th birthday, they are still high school students. Understandably, many people don't want intoxicating liquor to filter down to their 15 and 16 year old children. As a result, the legislature is trying to lower the drinking age to 19 rather than 18.

In Missouri, we must begin to make our influence in decision making felt now — before bills favoring either side are introduced into the legislatures.

In Maryville, in past elections approximately 2,000 persons voted. If only half of the college students decide to vote, we could be the deciding factor in the outcome of an election.

If numbers are not proof enough, consider the psychology of youth which results in seeking liberal-mindedness and heroes. Although the Democratic party and liberality are not necessarily synonymous, President Nixon and the Republican party are not looked upon with favor by many youths.

Heroes have included the Kennedys and Eugene McCarthy. Many others are now attempting to convince youth of their worthiness. Will they be successful?

Instead of moving in mass to either Independents or the Democratic party the opposite may occur in Maryville. Because Nodaway County usually votes Democratic, it may be easier for the students to enter the Republican party and gain positions of responsibility. Furthermore, if the Republicans continue to run youth oriented candidates, such as Jack Danforth, who received quite a bit of attention on campus last fall, they may have popular campus support.

Consider, also the number of Independent candidates in recent years. George Wallace and Eugene McCarthy proved that an Independent might succeed without support of a party.

Whether Democratic, Republican, or Independent, the youth voter is certain to be wooed.

## Advanced Registration

Advanced registration for the 1971-72 spring semester will begin on September 15 and terminate on December 3.

It is important to remember that seniors, juniors, and any students on the B.S. in Education Degree with 45 hrs. or more should meet with their departmental advisor before reporting to the Academic Advisement Center to complete advance registration. These students may complete their registration process on the following dates:

Seniors	Sept. 15 to Sept. 21
Juniors	Sept. 22 to Sept. 28
BSE students over 45 hrs.	Sept. 22 to Sept. 28

All freshmen and sophomores, except those students with more than 45 hrs. on the Bachelor of Science in Education Degree, should make their advanced registration appointments at the Advisement Center according to the following schedule:

Soph. A-M	Sept. 21	Fresh. N-Z	Sept. 23
Soph. N-Z	Sept. 22	Fresh. A-M	Sept. 24

## General Registration

General registration for the spring session of 1972 will be held in Lamkin Gymnasium on Jan. 8, 1972.

All students planning to register during general registration are requested to study carefully the procedures listed below in regard to your admission and registration.

If you have never attended Northwest Missouri State College before, please apply to the Admissions Office for admission. For undergraduate freshmen, we need an application, final high school transcript, graduating class rank, ACT or MCPT scores, and the admission fees. Transfer students should forward the application, final college transcripts, and the admission fee. First-time graduate students should make application to the Admissions Office. All first-time students must have their high school and college work on file in the Admissions Office before their registration.

If you are an undergraduate or graduate student who attended Northwest Missouri State College previously but are not currently enrolled in the 1971 fall semester, you must reapply to the Registrar's Office for an application to re-enroll. If you have attended another college in the meantime, you must have a copy of that college transcript on file by general registration time.

All applications to the college should be on file at least two weeks prior to registration. Failure to do so will result in delay for the student in registering.

If you are a pre-registered student and have participated in advanced registration, please disregard the following numbered procedures:

All students registering Jan. 8 should observe these guidelines:

1. Complete application and be approved for admission. By being approved for admission, you will have a permit to enroll cut for you automatically.
2. Report to the east door of the Administration Building starting at 7:30 a.m. using the following sequence of first letter, last name:

7:30	Seniors
8:00	A-J
9:00	K-M
10:00	N-R
11:00	S-Z

## MATHEMATICS — 18

Math 4, Sec. 1, Arr., Arr., Elementary Algebra (for students without HS algebra), 1 hr., Barratt, Math lab.  
 Math 7, Sec. 1, 8:00, MTTh, Introduction to Mathematical Thought (terminal general education course replacing Math 3), 3 hrs., Dunbar, GS132.  
 Math 7, Sec. 2, 9:00, MW, plus 1 hr. Arr., Introduction to Mathematical Thought, 3 hrs., Ediger, GS217.  
 Math 7, Sec. 3, 10:00, MTTh, Introduction to Mathematical Thought, 3 hrs., Simonson, GS325.  
 Math 7, Sec. 4, 11:00, T, 11:00, 12:00, Th, Introduction to Mathematical Thought, 3 hrs., Gutzmer, GS325.  
 Math 7, Sec. 5, 1-2:15, TTh, Introduction to Mathematical Thought, 3 hrs., G. McDonald, GS325.  
 Math 7, Sec. 6, 2:00, MTTh, Introduction to Mathematical Thought, 3 hrs., Dunbar, GS132.  
 Math 7, Sec. 7, 3:00, TTh plus 1 hr. Arr., Introduction to Mathematical Thought, 3 hrs., Bahnmann, GS217.  
 Math 8, Sec. 1, 9:00, MTThF, Basic Applied Mathematics (especially for students in Ag and Industrial Arts—replaces Math 3), 4 hrs., Dunbar, GS132.  
 Math 8, Sec. 2, 12:00, MTWF, Basic Applied Mathematics, 4 hrs., Gutzmer, GS325.  
 Math 8, Sec. 3, 3:00, MTThF, Basic Applied Mathematics, 4 hrs., Ediger, GS124.  
 Math 16, Sec. 1, 11:00, MWTh, Finite Math I (replaces Math 14 and concurrent enrollment with Math 20 or consent of instructor), 3 hrs., Bahnmann, GS325.  
 Math 16, Sec. 2, 1:00, TTh plus 1 hr. Arr., Finite Math I, 3 hrs., Simonson, GS218.  
 Math 16, Sec. 10, 12:00, daily, Finite Math I (for students weak in HS background), 3 hrs., M. McDonald, GS132.  
 Math 17, Sec. 1, 11:00, TTh, plus 1 hr. Arr., Finite Math II, 3 hrs., Goulding, GS217.  
 Math 17, Sec. 2, 2:00, TTh plus 1 hr. Arr., Finite Math II, 3 hrs., M. Kenner, GS217.  
 Math 20, Sec. 1, 8:00, MWF, Intuitive Calculus I (concurrent enrollment with Math 16 or consent of instructor), 3 hrs., Gutzmer, GS325.

# Class Schedules . . .

Math 20, Sec. 2, 10:00, MWF, Intuitive Calculus I, 3 hrs., Solheim, GS124.  
 Math 20, Sec. 3, 1:00, MWF, Intuitive Calculus I, 3 hrs., Goulding, GS325.  
 Math 21, Sec. 1, 8:00, MWF, Intuitive Calculus II, 3 hrs., Solheim, GS124.  
 Math 21, Sec. 2, 1:00, MWF, Intuitive Calculus II, 3 hrs., Ediger, GS124.  
 Math 21, Sec. 3, 3:00, MTTh, Intuitive Calculus II, 3 hrs., Barratt, GS132.  
 Math 37, Sec. 1, 9:00, MWF, Number Systems for Elementary Teachers (replaces Math 30), 3 hrs., Gutzmer, GS325.  
 Math 37, Sec. 2, 12:00, TTh plus 1 hr. Arr., Number systems for Elementary Teachers, 3 hrs., J. Kenner, GS217.  
 Math 97, Sec. 1, 11:00, D, Calculus Analyt III (the last time this course will be offered) 5 hrs., G. McDonald, GS124.  
 Math 101, Sec. 1, 10:00, TTh, Set Theory and Logic, 2 hrs., M. McDonald, GS132.  
 Math 131, Sec. 1, 10:00, TTh, Methods in Elementary Math (the last time this course will be offered), 2 hrs., Barratt, GS102.  
 Math 137, Sec. 1, 9:00, MTThF, Algebra and Geometry for Elementary Teachers, 4 hrs., Barratt, GS124.  
 Math 137, Sec. 2, 11:00, MTThF, Algebra and Geometry for Elementary Teachers, 4 hrs., Dunbar, GS132.  
 Math 137, Sec. 3, 1:00, MTWF, Algebra and Geometry for Elementary Teachers, 4 hrs., Solheim, GS132.  
 Math 137, Sec. 4, 2:00, MTWTh, Algebra and Geometry for Elementary Teachers, 4 hrs., J. Kenner, GS124.  
 Math 140, Sec. 1, 10:00, MWF, Modern Algebra, 3 hrs., M. McDonald, GS132.  
 Math 190, Sec. 1, Arr., Seminar in History of Math, 1 hr., Bahnemann, GS112.  
 Math 191, Sec. 1, Arr., Seminar in Philosophy of Math, 1 hr., M. Kenner, GS112.  
 Math 195, Sec. 1, Arr., Independent Study, 1-3 hrs., M. Kenner, GS109.  
 Math 221, Sec. 1, 2:00, MWF, Advanced Calculus II, 3 hrs., Bahnemann, GS112.  
 Math 245, Sec. 1, 10:00, MTThF, Matrix Theory, 4 hrs., G. McDonald, GS324.  
 Math 280, Sec. 1, 11:00, MWF, Set Topology, 3 hrs., Goulding, GS324.  
 Math 285, Sec. 1, 3:00, MTTh, Modern Geometry, 3 hrs., Simonson, GS325.

## Repeat of Courses

Each student who desires to repeat a course for the purpose of raising his grade may repeat only courses in which he has received a "D" or "F" grade. In order to repeat a course, a student must file a Petition to Supersede Grades. This form may be obtained in the Advisement Center or in the Office of the Registrar.

## Process for Auditing a Course

It is necessary for all students who plan to audit a course to complete a Petition for Course Audit. This form may be obtained in the Advisement Center and returned there, upon its completion.

The terms of auditing a course are such that (1) a student must enroll and pay fees for the course audit as he would for courses for which he wishes to receive credit, (2) a student must decide prior to the beginning of the term whether or not the course will be taken for credit. A student may not begin a class and decide later to change to an audit, (3) a student may not take a course for credit after he has audited the course.

If a student enrolls in a class for audit purposes and neglects to file a Petition for Course Audit, he will receive an "F" for the amount of credit of the course.

# Roberta Hall named in tribute to active coed

By Debbie Lambricht

Have you heard about Roberta? Almost all new students at MSC are asked that question about Roberta of Roberta Hall.

Roberta Ann Steel, St. Joseph, first enrolled at MSC the fall of 1950. The freshman elementary major was active in the Independent Club, Barkatze Pep Organization, the Association of Childhood Education, Tower Choir, and a college septette.

"I would use one word to describe Roberta — witty," said Mrs. Maxine Goff, Maryville, the former Maxine DeShon, as she chatted about her college friend.

## Tolerant of dissent

According to a Dec. 17, 1952, edition of the Northwest Missourian, Bert was a leader who expressed her ideas yet tolerated others' views. She was always ready to have fun or to have a good laugh.

Dr. Frank Grube, chairman of the English department, described Roberta as being a "vivacious, peppy redhead." He added with a chuckle that when she was in his freshman English class, Roberta began the course with E's but dropped her high grades in the last part of the quarter because she developed other interests.

April 27, 1951, began as any Friday night would for an MSC coed. One-third of the 156 girls living in the dorm had gone home for the weekend. Returning from a date at closing time, Roberta, clad in a tee-shirt, was talking and joking with her friends.

Ten minutes after midnight Residence Hall rocked. One of the St. Joseph Light and Power Company gas tanks located east of the dorm had exploded. The screaming girls fled down fire escapes and through the main door.

Roberta panicked, for blood from a cut on her head flowed into her eyes. Throwing a blanket over her, a friend carried her to safety.

After all the girls were out, a "bucket brigade" was formed to pass the girls' belongings from the dorm to the library to be claimed. A first aid headquarters was set up at the home of President and Mrs. J. W. Jones. Approximately 40 pounds of vaseline was brought in from Kansas City for treatment of burns. Authorities later blamed the explosion on a rupture of the natural gas tank due to "inside corrosion."

The four most critically injured girls were Maxine DeShon, Clarksdale; Susan King, Mallerd Maune, and Roberta Steel, all of St. Joseph. All were treated for burns and shock at the St. Francis Hospital.

## Discarded 'if' philosophy

The first time all four of the girls visited with each other was two to three weeks after the fire.

"We laughed all afternoon," chuckled Mrs. Goff as she told how funny they looked in their bandages.

Because they talked about what might have happened if . . . , the girls decided to develop a philosophy of never dwelling in the past.

"Our philosophy was 'Don't base your life on if,'" added Mrs. Goff.

By May 7, Roberta was able to sit in a wheelchair; Maxine and Mallerd were able to walk. The June 27 edition of the Maryville Daily Forum had a photograph of Mallerd and Roberta at the college all-school picnic, their first outing from the hospital.

Ten weeks after the fire, Roberta was transferred to a St. Joseph hospital so she would be closer to her family. Complications set in. Because of infection in the grafting, Roberta had to be taken to surgery for bandage changes.

After convalescing for a year, Roberta re-enrolled at MSC in the fall of 1952. Her doctor recommended, however, that she drop out to rest awhile because she had developed cirrhosis of the liver. Nov. 19, 1952, Roberta officially withdrew.

The weeks of mistakes are almost over and the MSC campus is becoming a familiar friend to new students.

As I strolled down the first floor corridor of Colden Hall, I noticed two girls walking from door to door reading aloud the room numbers. They made several trips up and down the hall before they finally stopped in front of 105.

"Here's 105. Now where's 105E?" said one of the nervous students.

Coming to the rescue, Ye Old Stroller explained to them that 105 is a group of offices and in order to find E, they'd have to go inside. They turned from red to deeper red before they could enter the office.

Room 121 in Colden Hall is also a hard room to find. At the beginning of every semester, a new group of students are seen roaming the halls searching for the little corner cubicle numbered 121. Maybe someday a doorman will be hired to direct all of the lost students to that classroom, which the Stroller has dubbed Shangrila.

Freshmen are not the only students who find themselves sitting in the wrong class room.

The other day as I passed a business class, I saw a popular upperclassman frantically waving his hand. When the instructor finally noticed him, he asked in an embarrassed voice, "Is this accounting?"

When the instructor said no, he almost ran from the room. One would think that an upperclassman would know better, but this one didn't. At the next business class period, the Stroller saw the same embarrassed student waving his hand.

Engagements and weddings are always pretty popular at the first of school. As I was strolling down the campus, I overheard two girls talking.

"I'm going to be married!" squealed one girl happily.

"To which one?" questioned the other.

Although the Bell Tower is completed, it is still causing quite a few comments.

"It ain't even safe to walk around here," chuckled a student as flakes of white material fell from the Tower. So if you want snow in early September, stroll along with me under the Bell Tower.

"Roberta looked cheerful and optimistically said she was looking forward to coming back to school," said Dr. Grube as he remembered talking to Roberta the day she checked out.

## A charming student

During Thanksgiving vacation at a family dinner, Roberta began coughing and hemorrhaging from the mouth; she went into a coma. Roberta died at the St. Joseph hospital on Nov. 29, her birthday.

"She was a charmer and one of

## Seniors to make final application for graduation

Final application for a degree must be made by graduating seniors one semester before graduation at the registrar's office. Those students applying will be notified later of the procedures in taking their record exams, paying graduation fees and ordering caps and gowns.

Seniors who later find they will not be graduating should notify the registrar and then reapply the following semester.

A student's statement of degree requirements must be applied for when he becomes a senior. Any substitutions or alterations in general education requirements must be initiated by a written memo from the vice president in charge of faculties or head of admissions.

a kind," added Mrs. Goff as she reminisced about Roberta.

Deciding to name buildings and halls at MSC after persons connected with the college, the Board of Regents renamed Residence Hall after Roberta. Effective June 1, 1961, Residence Hall became known as Roberta Hall.

Now you know about Roberta, once a lively resident of the hall that bears her name and a radiant coed who ever kept things interesting in Room 207 on the second floor.

How Roberta Hall received its name is one story that will not be forgotten, for it is a part of this college's tradition. And as Mary Hansel wrote on the cover of Behind the Birches by Miss Mattie M. Dykes:

"Traditions are the things that tie us to our Alma Mater long after we have forgotten our Latin and French."

## Graduates must apply for masters' degrees

Students who plan to complete master's degree requirements at the end of the 1971 fall semester must fill out applications for degree forms and sign up to take the comprehensive examinations to be given Dec. 11.

Graduate record examination aptitude and advanced tests in biology and history are scheduled for Nov. 20 for those graduate students who have not taken the tests.

## First Milner scholar is sports-academic star

Despite some people's beliefs, scholastic ability and athletic prowess can go hand in hand. Proof of this is shown in the record of Mike Kennedy, Iowa City, Iowa, an outstanding sophomore student-athlete, who has been named recipient of the first Ryland Milner Scholarship for the 1971-72 academic year.

Kennedy, a quarterback candidate on Coach Gladden Dye's 1971 MSC football team, will receive the \$150 scholarship provided by contributions from friends and former students of Ryland Milner, the long-time MSC coach and the athletic director at the Maryville college since 1957.

The scholarship fund, which has reached about \$3,200, was established during the 1970 Homecoming ceremonies when two of Coach Milner's former players George Nathan, Mountain View, Calif., and Vic Farrell, San Luis Obispo, Calif., returned to the campus to represent a host of "M" Club members in the establishment of the scholarship. At that time the pair presented to Milner a check for \$2,700 for the establishment of a "Ryland Milner Scholarship" for deserving Bearcat athletes. Since then more than \$500 has been added to the fund.

Milner has been a member of the Bearcat coaching and administrative staff for the past 34 years. Prior to that he was a football, basketball, track, and baseball star and played on the

Mike Kennedy

great cage teams coached by Henry Iba.

The selection of Kennedy as the first recipient of the scholarship was made by a committee of Milner, Dr. Charles Thate, Mr. David Crozier, Mr. Max Fuller, Mr. Everett W. Brown, and Mr. Bob Cotter. The 6-3, 190 lb. quarterback hopeful, whom Coach Gladden Dye thinks can be one of the all-time Bearcat greats before he graduates, is also a star in the classroom where he compiled a 3.4 grade point average during his freshman year. He prepped at Iowa City's Regina High School.

## College to sponsor skiing excursion

Plans are nearing completion for the third annual MSC ski trip to Yodel Inn in Winter Park, Colo., according to Union director Marvin Silliman and Miss Camille Walton, new director of student activities.

Six days of actual skiing will be included in the ski trip. Participants will leave Maryville by chartered bus the evening of Jan. 2 and arrive the following morning. Returning date will be Jan. 8.

Approximate cost per person is \$125, which covers transportation by chartered bus to and from Maryville, lodging and meals, ski rental, and ski lessons. Lift rates, which will be set up according to the skier's wishes, are extra.

A minimum of 35 students is required for the excursion. Students may sign up or receive more information about the trip in the Union director's office.

The first of a series of 15-minute ski films will be shown Sept. 29 in the Den to those interested in learning more about skiing.

## Grant applications are now available

Applications for grants to graduate students for studying abroad are now available through Mr. James A. Hurst, assistant professor of social sciences and the Fulbright program adviser for eight years.

The grants are offered as a part of the educational and cultural exchange program of the U.S. State Department under the Fulbright-Hays Act. This act provides approximately 200 grants each year for graduate study in various countries.

To be eligible, applicants must be U.S. citizens, hold a bachelor's degree or its equivalent by the beginning day of the grant, and have a language proficiency sufficient to carry out the proposed program. A grade point of 3.25 is suggested but is not mandatory.

All applications are accepted. Campus candidates are individually interviewed and screened. The results of the interview are recorded and are sent with the application to the In-

stitute of International Education for the final evaluation. The applications must reach the office of the Institute of International Education by Nov. 1.

The purpose of the grants is to increase mutual understanding between the people of the United States and other countries through the exchange of a person's knowledge and skills. The grants are designed to give U.S. students the opportunity to live and study in a foreign country for one academic year.

Three types of grants are available:

Full awards which provide tuition, maintenance, round trip transportation, health and accident insurance, and an incidental allowance.

Joint U.S.-Other Government grants which combine tuition and maintenance from a foreign government plus travel costs from the U.S. government.

The competition for next year's academic study of research abroad is nearly completed. Applications should be submitted within the next week to Mr. Hurst. For further information contact the coordinator at Room 307 Colden Hall.

## Class completes work in practical nursing

Seventeen students of the school of Practical Nursing will be graduated in ceremonies at 8 p.m., Sept. 24, in the Charles Johnson Theater of the Olive DeLuce Fine Arts building, according to an announcement by Mrs. Susan Gille, nursing administrator.

Dr. Troy Morgan, Albany, will be the commencement speaker.

The graduate candidates will have completed a year of study on the MSC campus and will be eligible to take State Board Examinations on Oct. 14. One man, Ivan Hayworth, Maryville,

is among the graduates.

Other candidates include Mrs. Wilma Bailey, Miss Cheryl Culver, Miss Connie Davis, Mrs. Stephanie Finlayson, Mrs. Bette Ray, and Mrs. Judy Trullinger, all of Maryville; Mrs. Veral Barrett, Skidmore; Mrs. Sandra Cooper, Fairfax; Mrs. Maxine Grail, Stanberry; Mrs. Lorene Edwards, Mound City; Mrs. Karel Henton, Albany; Miss Lisa Loch, Pickering; Mrs. Dorothy Rickabaugh, Ravenwood; Miss Sharon Schottel, King City; Mrs. Victoria Summa, Gentry, and Mrs. Susanny VanGundy, Fairfax.

## 5,530 enrolled in one week

Enrollment for the fall term has already equalled first-week enrollment figures for the 1970 fall semester, according to Dr. Don Petry, vice president of business affairs.

First-week registration total this year was 5,530. This is a duplicate of last year's all-time high enrollment record of 5,530 students.

There is still a possibility of exceeding this record as registration continues this week through today.

# Dr. Don Petry:

## Expansion program keyed to students

The continued rise in student enrollment at NWMSC is being met with both long-range and short-term plans for improvement in many of the campus buildings.

Dr. Don Petry, vice president for business affairs, states: "Despite our constant remodeling program, class schedule changes to accommodate more evening classes, large and small group instruction, and greater utilization of current classroom and laboratory space, we must continue to expand our facilities. This will include not only more classrooms but specialized laboratories as well."

Additional evening and night courses, the group-instruction approach, and the larger classes have alleviated crowded facilities somewhat. Campus buildings are being utilized more than ever before. The division of rooms and the remodeling of former storerooms in the Administration Building are examples of creative expansion.

This fall a number of the administration offices will be remodeled to accommodate new personnel. The student personnel offices, including those for the dean of students and the directors of housing and administration,

counseling, student activities and staff development, will be moved to one of the remodeled quads. With these student offices centered in one area on campus, the administration and supervision of college programs will be facilitated as well as improved. Other closely related areas will be consolidated for better student service.

Nearing completion are several improvements: installation of telephone service in the new twin resident hall facilities, moving of the Health Center to Colbert Hall, development of a new art printing room in the art department, remodeling of the art gallery in the Fine Arts Building. Also being remodeled is an area of the library for the new Missouriana Room, and some office areas in the Fine Arts Building are being expanded. Rooms in the Horace Mann Building will be remodeled for a speech correction classroom as well as library and office space, and remodeling will be done in some dormitory areas for better recreation facilities.

Hake Hall will be transformed into a new home for the Counseling Center, headed by Dr. Lawrence Zillner. Moving the counseling offices from the Administration Building to the new

center will make them more accessible to the students, Dr. Petry said.

Current pressing needs have delayed immediate plans for a Student Mall; however, the students of the Industrial Arts department have contributed drawings and plans for this project. Dr. Petry would like to involve the Student Senate in further planning of the Mall,

which will be constructed between the Union and the Horace Mann Buildings.

Another proposal which should involve the Student Senate in planning is the remodeling of a quad for a Student Office Center. Specifically this would include offices and meeting or conference rooms for the Student Senate, for the new Inter-Residence Hall Council and other related offices.

## Religious centers extend invitation

Directors of the Wesley Foundation, the Baptist Student Center, and the Newman Center welcome all students, regardless of religion, to join them during recreation and worship services.

The Wesley Foundation, located at 549 West Fourth Street, is open from 9 a.m. to 11 p.m. on weekdays and Sundays and from 9 a.m. to 1 a.m. on Fridays and Saturdays, Rev. Dale Pollock, presiding minister, announced.

Library and study facilities, a ping pong table, a volleyball net and balls, a television, and a stereo are available to Wesley visitors.

Rev. Pollock will be in his office from 1 p.m. to 5 p.m. daily. Church services are held every Sunday at 10:45 a.m. at the Wesley Foundation.

### Baptist Youth Center

Located at 401 West Fourth Street, the Baptist Student Center is open from 8 a.m. to 11:30 p.m. on weekdays and from 8 a.m. to 1:30 a.m. on weekends.

The Rev. Rex Henderson, coordinator of the center, invites students to participate in the weekly vespers services held on Mondays at 6:30 p.m., prayer breakfasts every Tuesday at 7 a.m., and choir rehearsal and group singing at 7 p.m. on Thursdays. Youth-led revivals and group meetings, called share groups, will also be scheduled.

Available at the Baptist Student Center are a color television, a stereo, a ping pong table, kitchen

facilities, a study hall with a typewriter and encyclopedias, and a private prayer room. The Rev. Henderson has office hours from 8:30 a.m. to 5 p.m. daily.

### Newman House

The Newman Center is located at 606 College Avenue, across the street from the campus entrance sign. Students may visit the house from 8 a.m. to 11:30 p.m. on weekdays and Sundays and from 8 a.m. to 1 a.m. on weekends.

A color television, game tables, a stereo, a piano, study facilities, including dictionaries and encyclopedias, and a large collection of books are available at the air-conditioned Newman House.

Father John Weiss, Newman coordinator, invites all students to take part in the campus mass with time and places of masses to be posted in all dorms and on bulletin boards elsewhere on campus. Students are also encouraged to participate in the Newman Organization, a group of active youth who plan programs and recreational pastimes for anyone who is interested. The club meets at 8 p.m. every Thursday.

Father Weiss will be in his office between the hours of 10 a.m. and 12 noon. He may also be reached at St. Gregory's Rectory or by calling 582-8140 or 582-3833.

## Leaders retreat to plan activities

Members of the Student Senate and co-chairmen of Union Board will participate in a group retreat today and Saturday at Camp Geiger near St. Joseph.

Accompanying the campus leaders will be Dr. Robert Foster, Dean Philip Hayes, Miss Camille Walton, student activities director, and Mr. Marvin Silliman, Union director.

During the retreat, the Union Board president, Bruce Stadlman, the Senate president, Stan Barton, and members of the organizations will make plans for all major student activities of the year.

### ORGANIZATIONAL FAIR

The Senate-sponsored Organizational Fair will be Sept. 29. All campus organizations will be invited to participate.

## IRC elections Wednesday

Election of officers for the newly formed Inter-Residence Hall Council (IRC) will be Sept. 15, according to Mr. Donald Brandt, director of residence hall programming.

Those elected will be members of the President's Council, the governing body of the IRC. They include the executive president, first vice-president, second vice-president, treasurer, corresponding secretary, recording secretary, and the president of each residence hall.

Executive president, first vice-president, and second vice-president will be elected in a popular election of all IRC members. Other President's Council officers will be chosen from the group of nine hall

presidents elected from the separate dormitories.

Two IRC senators will be voted upon after Senate approval is given.

In order to hold office each person must be a full-time hall resident with at least a 2.0 cumulative grade point average. The executive president, who cannot be a resident assistant, must be a past president of a residence hall.

All students living in dormitories are members of the IRC and are eligible to vote. Voting information will be available from each hall director.

Floor representatives from all halls will be elected Sept. 16. IRC will begin functioning the following week, according to Mr. Brandt.

## 'Cats to challenge standouts

By David Bell

This year's MIAA conference race for football supremacy could be one of the fiercest in the loop's long history, as Central Missouri State and Northeast Missouri State, last year's co-champions, are returning with strong teams, and Southeast Missouri State, Lincoln University, Southwest Missouri State, and our own Bearcats will field highly improved squads.

Central Missouri, losers to Arkansas State in the Pecan Bowl at the end of last season, will center its attack around Ira Clemons, who gained a net total of 1002 yards as a sophomore, and a fantastic defense which held opposing offenses to a mere 2.5 yards per rush.

Heading that defense will be Ron Collier, a defensive back who has a career total of 16 pass interceptions, with six of them coming during the 1970 campaign.

Northeast Missouri State, co-holders of the MIAA crown, may have a tougher time this year because Coach Russ Sloan must find replacements for 13 lettermen lost from last season's squad.

The Bulldogs will, however, have their top three rushers, Pete Robertson, Lenvil Elliot, and Marvin Robinson, returning.

At Southeast Missouri, Coach Tom Thrower will field a team which started poorly in 1970, but won four of its last five games to finish 4-2 in the conference.

Leading the attack for the Indians will be sophomore quarterback Lance Brune, and running back Rich Attig, who averaged 6.2 yards per carry, and Al Holmes, who carried for 484 yards. The Tribe led the conference in rushing with 1,935 yards.

Southwest Missouri, who recorded a weak 2-7-1 slate, has 31 returning lettermen and a bevy of freshman recruits from the St. Louis area with which to begin its rebuilding program.

Bob George of Jefferson City will probably gain the starting quarterback position for the Bears. As a sophomore last year, George passed for 512 yards and six touchdowns. Defensive standout Steve Jennings will also be back. Jennings, a sophomore, returned 18 kickoffs for 396 yards last year.

Lincoln University, which finished 3-3 in its initial MIAA

season, has a youthful squad returning for 1971.

The Tigers, who finished the season with an overall record of 7-3, missed an undefeated season by 25 points. The Tigers will return to the MIAA wars with a strong defense as they have three all-conference defensive choices coming back. Offensively, Coach Dwight Reed will welcome back Chris Middleton, a 9.5 sprinter who is counted on to spearhead the Bengal's attack.

Dewey Allgood, coach at Missouri University at Rolla has a team which started the 1970 campaign red-hot, but faltered in mid-season as the Miners won their first five, tied the next, and then lost three of their last four encounters to finish the season with a 6-3-1 season and 2-3-1 MIAA count.

Locally, MSC fans are getting more than a little excited over the prospects of the Bearcats, who will be under the direction of first-year mentor Gladden Dye. The 'Cats, MIAA doormats last year, hope to improve their status and gain a measure of respect around the league.

MSC may field one of the better offenses in the loop, as Coach Dye has Steve McCluskey, who has led the team in yards gained and in scoring for the past two seasons. McCluskey nabbed 36 'Cat aeriels good for 510 yards last year. The senior flanker also grabbed five touchdown passes and ran for four more.

Defensively, MSC will be led by Joe Wingate, who was also the premier kick returner of the conference last year. Wingate returned 37 kickoffs for 776 yards, almost twice as much as the second place finisher, Steve Jennings of Springfield.

The Bearcats cannot be counted on to take the MIAA crown this year, but their new coach has his sights set on just that, so don't be surprised if they not only come off the canvas, but become contenders. After all, it has been a long time since we could even consider ourselves the dark horse.

### Freshmen invited to I-Party meeting

Freshmen who are running for class offices and want to have support from the Independent Party are invited to attend the next Party meeting at 6:15 p. m. Tuesday in the Oak Room of the Union.

## The Grid Line

By Steve Sheridan

With practice in full swing the 1971 Bearcat football squad, now trimmed to 80 ambitious freshman and varsity hopefuls, is beginning to take the shape of a well-oiled, smooth-running machine.

Practice sessions, although marred with injuries, have shown day to day team improvement as the members become more familiar with Head Coach Gladden Dye's style of attack and defense.

Although halfback Steve McCluskey is suffering from a pulled hamstring muscle and fullback Steve Grant with a badly sprained ankle, Coach Dye feels confident that the Bearcat backfield is in fairly good shape. The quarterback slot is still uncertain with Mike Kennedy, Bob Belcher, Curtis Priest, and Tom Walton all vying for the number one spot.

Not only is Coach Dye introducing new plays, but he also is initiating an extensive recruiting program that may well prove to be the beginning of a new era in football as well as in other sports at NWMS. Dye's Dolls, a group of

attractive girls, show prospective athletes the campus while outlining the merits of the school itself.

Coach Dye emphasized the need for school spirit as well as team spirit, "If the boys will keep a good attitude and play hardnosed football, the team will continue to improve. Support from the fans, students and faculty alike," he added, "is essential to keep this winning spirit alive."

### Frosh track team reminded of test

Freshman track team members are reminded to sign up for the October ACT test before Sept. 16.

Dr. Earl Baker, track coach, said the test is necessary in order to be eligible for a athletic scholarship. Registration for the test will be done in Room 208 of the Administration Building with Dr. Charles Koerble.

All prospective track team members are requested to see Dr. Baker during September.

MSC cheerleaders, ready for the 1971 football season, are, seated: Teri Holladay and Veronica Alderson; standing: Barb Thompson, Caroline Alderson, and Sandy Jensen.

## Cheerleaders get national honors

Northwest Missouri State College cheerleaders emerged with honor ratings at the recent annual National Spirit and Sportsmanship Workshop at Southern Colorado State, Pueblo. The cheerleaders earned four superior ratings and one excellent rating.

The pep leaders received one of the highest honors given on the final day. They were presented with the Spirit Stick 1971 and were among four finalists squads competing for the Coca-Cola Award.

More than 700 college and university cheerleaders participated at three workshop sites. The 150 colleges and universities represented 31 states and the Canal Zone.

Those MSC coeds attending the sixth annual workshop were Veronica Alderson, third year cheerleader and head cheerleader, Grant City; Teri Holladay, Sandra Jensen, and Barb Thompson, second year cheerleaders, Kansas City; and

Caroline Alderson, first year cheerleader from Grant City.

MSC cheerleaders hope to receive an enthusiastic response to their promotion of spirit at the forthcoming football season.

### Cross country team to compete Tuesday

The MSC cross country team will participate in its first fall meet Tuesday at MSC, competing with Peru, Neb.

Ron Beegle, a transfer student from Michigan, may prove to be a strong contender. Coach Earl Baker expects him to be followed by Duane Kimble, Bill Hinder, and Dennis Clifford. Alan Klein, Jim Briles, Randy Baker, Stan Sonnenmosser, or Martin McEldery is expected to assume the fifth position on the varsity squad.

They have been running distance on the roads and pace work on the track, with over-distance once a week.
